

New Course!

HESC 104

PATIENT ASSESSMENT

FOUNDATIONS FOR NURSING
AND ALLIED HEALTH

PREPARE. PRACTICE. PROVIDE EXCELLENT CARE.

Build the essential skills every healthcare professional needs—starting with YOU.

NEW
COURSE
Fall 2026

WHY THIS COURSE?

A strong foundation in patient assessment is the first step toward success in nursing and allied health programs.

You'll gain hands-on experience, critical thinking skills, and the confidence to care for patients in a real-world setting.

YOU WILL LEARN TO:

- ✓ Collect subjective & objective data
- ✓ Take vital signs with accuracy
- ✓ Perform systematic physical assessments
- ✓ Communicate therapeutically
- ✓ Uphold legal, ethical & HIPAA standards
