

## NUCLEAR MEDICINE TECHNOLOGY PROGRAM PROGRAM ESTIMATED COSTS

Nuclear Medicine Technology students pay the same tuition and fees each term as other credit students enrolled in the College.

Please visit the [Delgado Student Handbook](#) and [dcc.edu](#) for current tuition and College fees.

The following items are approximate additional expenses associated with the program. Costs may change. Items marked with an asterisk (\*) are generally purchased or completed near the beginning of the program.

|                                                                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |

| <b>SNMMI Membership</b><br><b>FREE*</b>                                 | <b>SNMMI trainee membership is currently free for eligible technologist students.</b><br>Chapter dues, optional purchases, and future rate changes may apply. Membership extends October 1 through September 30 regardless of join date.<br><b><a href="#">snmmi.org</a></b>                                                                                                                                                                                                                                                                                                              |

### Estimated Listed Total

Approximately \$1,255 if both certification examinations are taken, before tuition, College fees, health requirements, transportation, and other personal expenses. If one examination is taken, the listed total is approximately \$1,055 with ARRT or \$1,030 with NMTCB. Actual costs depend on the student's choices and current vendor fees.

**This packet is a planning guide. The current online application, College Catalog, program webpage, clinical-affiliate requirements, and certification-agency rules control if information changes.**

*Estimated costs are provided for planning purposes and are subject to change. Tuition, College fees, transportation, parking, meals, health services, vaccinations, and other personal expenses are not included unless specifically stated.*

*Revised 9/2026*
