

Veterinary Technology and Assistant Program Student Medical Insurance.

Students of the Delgado Community College Veterinary Technology and Assistant Programs are responsible for their own medical insurance coverage. The college or affiliate hospitals are not responsible for illness or accidents that occur to the student while assigned to a clinical affiliate hospital or at the college (except for one initial visit in some cases).

I have medical insurance.

Signature

Date

I do not have medical insurance, but I am aware that **I am responsible** for medical expenses incurred during my clinical training.
