PAYMENTS & REFUNDS

Continuing Education & Professional Development Courses

Online registration requires immediate payment via credit card. All other fees are payable by check, money order, or cash to the Bursar's Office. Once your registration form has been processed, you will receive payment instructions via email.

Refund Guidelines for Students

- A. Once registered, the student must pay tuition. Registration is not guaranteed until tuition has been paid, particularly for high-demand classes.
- B. A 100 percent refund will be granted if the student drops the class at least five business days before the start date. The term "refund" includes voiding invoices for unpaid balances. Drop requests must be submitted in writing to the appropriate department. Emailed requests are acceptable at noncredit@dcc.edu.
- C. Any type of refund may require up to approximately six weeks for processing. The College is a state agency, and therefore, all refunds must be substantiated in writing and are subject to review by the State of Louisiana Office of the Legislative Auditor.
- D. Nonattendance does not constitute dropping a class. If the student does not submit a drop request, he or she will be billed for the class even if he or she has not attended.
- E. No drop requests and associated refunds will be granted after the five-day drop period has passed.
 - Exceptions might be granted on a case-by-case basis in the event of certain documentable emergencies. A refund request must be submitted in writing within 30 days of the course end date to the appropriate department along with documentation of the emergency.
 - Transfer to another course is determined on a case-by-case basis and must be done five business days before the class begins.
 - A Refund Request Committee, comprised of appointed representatives of Workforce Development (usually department heads or their designees), will evaluate the requests on a monthly basis. Decisions of this committee shall be considered final and not eligible for appeal.
- F. A 100 percent refund is automatically processed if a class is cancelled by Delgado Community College.
 - Students will be notified when a class is cancelled by the College before the scheduled starting date. All efforts will be made to provide notice of cancellation at least three business days before the start date of the course.
 - A written request from the student is not required to process a refund in this instance.

Payment Guidelines for Students

- A. Failure to pay any balance in full by the end date of a class may result in the account being placed with a collection agency. Students are responsible for all collection and/or legal fees associated with accounts placed with collection. Holds that restrict registration, release of grades, results, and/or certificates of completion may be placed on accounts with a balance remaining after the class had ended.
- B. Students are assessed a fee for all returned checks and/or credit card chargebacks due to insufficient funds, unauthorized use, cancelled card, or fraud. The fee is \$25 for five percent of the amount of the returned check/credit card chargeback, whichever is greater. Only in the case of a bank or card issuer error will the returned check/credit card chargeback penalties be removed. After the College has exhausted its attempts to notify the student, failure to pay the returned check or credit card chargeback and additional charges may subject the student to an administrative withdrawal from classes and his or her account may be submitted to a collection agency.

Student Loans

Sally Mae is offering the Smart Option Student Loan to students seeking financial aid for certification / license programs. Interest rates will vary. The direct assistance number is 1-877-279-7172.

Gulf Coast Bank & Trust Company (GCB) has simplified tuition management by offering a comprehensive array of products and services. Managing your payment plan is easy and convenient using our online tuition management system. GCB's highly experienced tuition lenders are dedicated to providing tuition financing solutions that will meet your needs. To find out more, please call 504-544-6370 or 1-855-335-2068 toll free.

The *Workforce Innovation and Opportunity Act (WIOA)* will fund programs that connect and assist job seekers with training, support, and education services so that they can find and maintain employment. Services funded by WIOA will be available to job seekers of all ages, including the chronically unemployed, the disabled, displaced workers, and opportunity youth, who are 16 to 24 year olds who are neither employed nor in school. Orleans Parish residents call 504-658-4500 and Jefferson Parish residents call 504-227-1283.

2D GRAPHICS

Adobe InDesign

Learn to format text properly, create vector graphics with InDesign's drawing tools, and import images from external files, all within file dimensions appropriate for commercial printing; manipulate images and text to create unique, eye-catching, colorful effects for cohesive designs; and use file templates, master layouts, and text-formatting styles to dramatically improve workflow efficiency. Also learn to thread lengthy text stories across multiple pages, using InDesign's utilities to control formatting and pagination; define appropriate settings for folding documents; and use conditional text and layers to develop customized versions of a document.

Required textbook: *Adobe InDesign CC 2020: The Professional Portfolio* - ISBN: 978-1-946396-38-9. Please note that this course does not go through the entire textbook.

Required supplies: Students must bring a USB drive to save their work.

Software version taught: Creative Cloud (Mac OS)

Total contact hours: 30 / 3.0 CEUs / **Certificate of Completion**

Tuition: \$299

Please check our website for class updates.

Adobe InDesign: Advanced

Learn to incorporate the same content elements in a series of related layouts with XML, a powerful content-repurposing tool, how to automate the formatting of lengthy, multi-chapter documents to guarantee consistency, and to build associated tables of contents and indexes.

Required textbook: *Adobe InDesign CC 2020: The Professional Portfolio* - ISBN: 978-1-946396-38-9. Please note that this course does not go through the entire textbook.

Required supplies: Students must bring a USB drive to save their work.

Software version taught: Creative Cloud (Mac OS)

Total contact hours: 15 / 1.5 CEUs / **Certificate of Completion**

Tuition: \$149

Please check our website for class updates.

Adobe Photoshop

Learn to define appropriate resolution and compression settings for a variety of distribution purposes; select specific photographic elements and separate them from their backgrounds with a variety of different tools and techniques; and composite raster images, vector objects, and text elements to create unified, finished documents. Also learn to use Photoshop's powerful controls for correcting colors, adjusting lighting, and repairing other types of visual damage in your images; and create unique artistic effects using many of Photoshop's filters, adjustments, brushes, and 3D tools.

Required textbook: *Adobe Photoshop CC 2020: The Professional Portfolio* - ISBN: 978-1-946396-34-1. Please note that this course does not go through the entire textbook.

Required supplies: Students must bring a USB drive to save their work.

Software version taught: Creative Cloud 2017 (Mac OS)

Total contact hours: 30 / 3.0 CEUs / **Certificate of Completion**

Tuition: \$299

Please check our website for class updates.

Adobe Photoshop: Advanced

Learn to use valuable timesavers such as libraries, styles, actions, and batch processing to streamline workflow; prepare images for web publication by adding animations and defining image slices; and save files with appropriate settings and formats for a variety of print and digital distribution methods.

Required textbook: *Adobe Photoshop CC 2020: The Professional Portfolio* - ISBN: 978-1-946396-34-1. Please note that this course does not go through the entire textbook.

Required supplies: Students must bring a USB drive to save their work.

Software version taught: Creative Cloud (Mac OS)

Total contact hours: 15 / 1.5 CEUs / **Certificate of Completion**

Tuition: \$149

Please check our website for class updates.

Adobe Photoshop Elements 101

Get a basic introduction to the tools available in Adobe Photoshop Elements, a lower-cost alternative software to Adobe Photoshop that has easy-to-use editing options for every user level to make digital photographs look their best.

Software version taught: Photoshop Elements 12 (Windows)

Total contact hours: 15 / 1.5 CEUs / **Certificate of Completion**

Tuition: \$129

Please check our website for class updates.

AGRICULTURE

Controlled Environment Agriculture

This course is designed to train students the fundamental and technical principles in each of the three controlled environment agriculture industries: Recirculating Aquaculture, Hydroponics, and Aquaponics. Students will learn technical skills, visit working facilities, and have a hands-on lab where they will have a chance to grow their own products (vegetables and fish).

Total contact hours: 32

Tuition: \$345

Instructor: Paul Begue

ARTS & CRAFTS

Intro to Cricut®

The Cricut class is for beginners or those who are looking to get better at their craft. The goal of this class is to get new cricut users comfortable with adding images, working with text, and cutting.

Total contact hours: 12

Tuition: \$145

Instructor: Kirby Lanier

AUTOMOTIVE

You "Auto" Know

This course is an interactive and fun way to learn about basic vehicle maintenance. Students will be able to prolong the life of their vehicles (and save money). The course will help you understand your owner's manual, how to change a tire, boost a battery, check

fluid levels, know how to speak with a mechanic, and what to do in an emergency. Students will be allowed to bring their vehicles for training purposes and demonstrations.

Required supplies: Students are advised to wear comfortable clothing that they don't mind getting dirty. Students should wear closed-toed shoes and must be a minimum of 16 years old.

Optional supplies: Vehicle owner's manual(s), safety glasses, and/or mechanical gloves

Total contact hours: 16 / Certificate of Completion

Tuition: \$125

Please check our website for class updates.

BUSINESS

The Art of Grant Writing 101

Do you love writing and building rewarding, long-lasting relationships? Do you have a passion for a cause? As a grant writer, you can help nonprofit organizations, schools, religious institutions, and research organizations acquire the funds they need to operate and to thrive. In our Art of Grant Writing class, you will learn how to gain a new knowledge of the grant writing process and be able to research, plan and write a grant for any organization. This course will help you gain a new skill to advance in your career or start a new one! Students will learn how and where to look for potential funders who are a good match for their organization, how to network and develop true partnerships with a variety of funders, how to organize a successful grant writing campaign, and how to compile a complete proposal package.

Required supplies: USB drive and 2-inch binder

Total contact hours: 24 / 2.4 CEUs / Certificate of Completion

Tuition: \$259

Dates: Wednesdays, TBD, 6 p.m. - 9 p.m. (6 class meetings)

City Park Campus, Building 8, Room 101

Instructor: Laverne Toombs

The Art of Grant Writing 102

This intensive and practical course is designed for advanced grant writers who seek to increase their effectiveness in the dynamic and rewarding field of grant proposal writing and management. This course will offer the following topics: reviewing and writing sample local, state, and federal grants; preparing comprehensive budgets and measurable quantitative and qualitative objectives; and responding to a grant rejection letter.

Required Supplies: USB drive and 2-Inch binder

Total contact hours: 12/1.2 CEUs/Certificate of Completion

Tuition: \$149

Dates: Tuesdays, TBD, 6 p.m. - 9 p.m. (4 class meetings), City Park Campus, Building 8, Room 101

Instructor: Laverne Toombs

How to Write a Successful RFP, RFQ, and Bid

This course is uniquely designed to prepare business owners and consultants to use the RFP, RFQ, and Bid process to its maximum potential. The class agenda will identify the process, offer a key understanding of the elements of the proposal, and ascertain ways in which the document can be used to its full capacity. Pitfall and success stories will make the class relevant and applicable when planning to incorporate this type of solicitation into the government process. Practical examples, discussion group exercises, and case studies will be used throughout the course.

Required Supplies: USB drive and 2-inch binder

Total contact hours: 18/1.8 CEUs/Certificate of Completion

Tuition: \$219

Dates: Thursdays, TBD, 6 p.m. - 9 p.m. (6 class meetings), City Park Campus, Building 8 Room 101

Social Media for Start Ups

Attracting new customers and engaging existing customers are the biggest challenges for business owners. Social Media platforms provides an opportunity to put your company in the forefront of your target audience. Yet, simply having a social media account is not enough. In this course, you will learn how to effectively increase your follower base and how to use social media to drive sales. By the end of the course, you will develop and execute a social media campaign tailored to your target audience and track your progress with business tools.

Required supplies: Laptop and smartphone with app download capabilities

Total contact hours: 24 / 2.4 CEUs / Certificate of Completion

Tuition: \$159

Please check our website for class updates.

The Essentials of Powerful and Effective Leadership

Becoming an effective and powerful leader in today's climate involves one's ability to maintain effective executive presence, lead and mentor individuals, and effectively manage a team. The focus of this course is to explore each of these leadership areas and provide the tools to apply them in professional settings. Each module is designed to assist participants with developing and honing their leadership style. By the end of the course, participants will be able to articulate and execute their cultivated leadership style and obtain tools to improve their leadership impact.

Total contact hours: 24 / 2.4 CEUs / Certificate of Completion

Tuition: \$159

Please check our website for class updates.

COMPUTER & OFFICE SKILLS

Microsoft Excel

Using Office 2019/365, learn how to navigate the worksheet, format cells, perform calculations using formulas and functions, create charts, and use financial functions and "what-if" analysis. Manage multiple worksheets and organize large amounts of data. Work with PivotTables and PivotCharts, 3-D references and macros, inspect and protect your workbook, and much more. Students should have basic knowledge of computers such as using the mouse and keyboard, plus a basic understanding of Windows before taking this course.

“

[Joy] is the best instructor and easy to understand.

—Microsoft Excel Student

Required supplies: Students must bring a USB drive to save their work. Textbook required; must purchase separately.

Total contact hours: 36 / 3.6 CEUs / Certificate of Completion

Tuition: \$199

Dates: Mondays, 6 p.m. – 9 p.m. (12 class meetings), City Park Campus, Building 8, Room 106, 6 class meetings each

Microsoft Outlook

Outlook is the Microsoft program that is your personal information manager that you will use on your computer or mobile device. You can send emails with files or pictures attached. It is your personal address book to keep track of your contacts. You will learn how to set up contact groups for sending emails to multiple people at the same time. In addition, you will learn how to set up your calendar to keep track of meetings and personal appointments. You will use notes, tasks, the To-Do bar, and the Folder list to integrate Outlook with other Office applications, such as using your contacts for a mail merge in Word. Students should have basic knowledge of computers and a basic understanding of Windows.

Total contact hours: 18 / 1.8 CEUs / Certificate of Completion

Tuition: \$199

Dates: Wednesdays, TBD, 6 p.m. – 9 p.m. (6 class meetings), City Park Campus, Building 8, Room 106

Instructor: Joy Alexander

QuickBooks Online

This course is designed for the beginning or intermediate user of QuickBooks Online Essentials. The purpose of this course is to teach you how to successfully navigate and use QuickBooks Online Essentials as your business' accounting software. This course covers basic concepts of QuickBooks as well as fundamental accounting concepts with a hands-on, skills-based approach and in-class tutorials that use sample cases and scenarios. No previous accounting experience is required for this course, as it focuses on the QuickBooks software and not on accounting principles.

Required textbook: *QuickBooks Online*, ISBN-13: 978-1-64061-219-8.

Required supplies: Students should bring a USB drive to save their work.

Total Contact Hours: 21 / 2.1 CEUs / Certificate of Completion

Tuition: \$275

After successful completion of the course, students are eligible to sit for the Microsoft Certification Exam for an additional cost.

Please check our website for class updates.

FOOD & BEVERAGE

Food Safety and Sanitation Certification

In this course, food service professionals will learn procedures for handling utensils and equipment, self-surveillance, food protection, prevention of foodborne diseases, best practices for personal hygiene and habits, plus cleaning, sanitizing, and pest control. The ServSafe Food Protection Manager Certification Exam, sponsored by the National Restaurant Association (NRA), will be given at the end of class.

Required textbook: *ServSafe Manager with Online Exam Voucher (7th/8th Edition)* by the National Restaurant Association, ISBN: 9780134812335. Students must read the required textbook and complete the assignments before class begins. The textbook and answer sheet can be purchased together or separately from the Delgado bookstore. The answer sheet is required to take the exam, as well as a government-issued photo ID (e.g., driver's license, passport, etc.)

Total contact hours: 8 / IBC awarded after passing certification exam

Tuition: \$135

Dates: Offered once per month on Thursday, 8:30 a.m. – 5:30 p.m. with 1-hour break, City Park Campus, Building 8, Room 113

- 10/10/2024
- 11/7/2024
- 12/12/2024
- 1/16/2025
- 2/13/2025
- 3/13/2025
- 4/10/2025
- 5/8/2025
- 6/12/2025

Instructor: Barry Blue

Wine Appreciation

While learning about the romance and legends of world-famous wines, you will learn to select, discuss, store, and appreciate both imported and domestic fine wines. In the last two class meetings, you will participate in blind tasting, rating, and scoring famous wines from various regions.

Age restrictions: Students must be at least 21 years of age and will be requested to provide documentation.

Required supplies: Students should bring their own food and a bottle of water to each class.

Total contact hours: 16 / Certificate of Completion

Tuition: \$159

Other fees: \$50 for supplies, payable to the instructor the first night of class. Payment must be made via cash or money order only; a receipt will be provided.

City Park Campus

Instructor: Peter Patti

Please check our website for class updates.

HEALTHCARE

Please check our website for class updates.

This is an instructional program that prepares individuals to support physicians by providing assistance during patient examinations treatment administration and monitoring by keeping patient and related health record information and by performing a wide range of practice-related duties.

Tuition: \$3,570

Books, uniforms, tools and certification exam not included.

Contact: Nicholas Ward ntward@dcc.edu

Health Coach Training

Become a health coach through this training course! The training is six months for entry-level students, three months for advanced students w/significant healthcare training/ experience/license, and comprised of day/evening/online courses. Students are required to complete a three-hour per week externship. Students must have a high school diploma/GED to be eligible for this course. Scholarships are available. Health Coach Training is pathway to obtaining a Health Navigator associate degree. Students who have at least an associate degree are eligible to take the National Board of Medical Examiners Board Certification Exam. **Students will receive industry-based credentials and a certificate of completion.**

Contact: Nicholas Ward ntward@dcc.edu

HISTORY

The French Quarter

The French Quarter has a life of its own and everyone who loves New Orleans is a part of it. We'll explore streets and gardens, churches and cemeteries, courtyards and patios, balconies and galleries; we'll meet artists and poets, enslaved Africans and indentured servants, buyers and sellers, nuns and strippers. We'll find out that many cultures created who we are—we'll hear their music and taste their food; we'll learn about the walls that protected the people and colors that killed them. Students will enjoy a field trip on a tour of the Quarter, where we will visit two spectacular museums and have lunch* as we share our own memories of this magical world treasure.

**Price of food and beverage not included. Date TBA.*

Total contact hours: 20 / Certificate of Completion

Tuition: \$249

Dates: Thursdays, 6 p.m. – 8 p.m. (8 class meetings), City Park Campus, Building 8, Room 108 (1 off campus field trip - TBD)

• Session 1: 9/5/2024 - 10/24/2024

• Session 2: 3/13/2025 - 5/1/2025

Instructor: Randy Bibb

HOSPITALITY & TOURISM

Professional Tour Guiding 1

This course is designed to train and prepare students to become New Orleans tour guides. It is also a great way to gain skills in the hospitality industry as well as knowledge of the city of New Orleans. Students participate in eleven (11) classroom sessions and three (3) field trips, plus the opportunity to take the New Orleans Tour Guide Permit exam the last night of class, which is granted through the New Orleans Taxicab & For Hire Bureau. The field trips consist of guided tours valued at more than \$200, and the classroom sessions consist of instructor lectures, student presentations, and guest speakers. Previous guest speakers have included representatives from the Tour Guides Association of Greater New Orleans, the New Orleans Convention and Visitors Bureau, the Lake Pontchartrain Basin Foundation, Stephen Ambrose Historical Tours, Gray Line Tours, New Orleans Tours, City Sightseeing New Orleans, and New Orleans Music Tours.

Recommended reading: *The Beautiful Crescent: A History of New Orleans* by Joan Garvey and Mary Lou Widmer, published by Pelican Publishing, ISBN-13: 978-1455617425

Total contact hours: 50 / IBC awarded upon passing Tour Guide Permit Exam

Tuition: \$399 (includes tour of three plantations!)

Other fees: \$10 for student booklet, given out the first night of class

Permit information: On the last night of class, students can take the exam for the Tour Guide Permit, which is granted through the New Orleans Taxicab & For Hire Bureau. Students who wish to pursue the New Orleans Tour Guide Permit must pay a \$50 application fee, as well as fees associated with a criminal background check. (These fees are not collected by nor associated with Delgado.) Further information about the permitting process can be found on the [City of New Orleans website](#).

Dates: Mondays, 2/17/2025 - 5/26/2025 (No class on Lundi Gras), 6 p.m. - 9 p.m. (14 class meetings), City Park Campus, Building 8, Room 108 (3 off campus field trips)

Instructor: Randy Bibb

Professional Tour Guiding 2: Diversifying Your Capabilities

For licensed tour guides and for those considering becoming a Licensed Tour Guide, this course teaches various types of tours, including cemetery tours, swamp tours, culinary tours, cocktail tours as well as folklore tours such as ghosts, voodoo, pirates, etc. Students will enjoy guest speakers addressing various topics and answering questions, as well as a field trip, to learn how to research information, where to find resources and how to distinguish fact

from fiction. The history of tourism in New Orleans will be discussed along with the importance of sustainable tourism co-existing with historic and fragile neighborhoods.

This course is an excellent introduction to those interested in pursuing a career in tourism, for established tour guides as a refresher, or as a guide to learning different types of tours and for those who are curious.

Total contact hours: 16 / Certificate of Completion

Tuition: \$195

Tuesdays, 6 p.m. - 9 p.m. (8 class meetings), City Park Campus, Building 8, Room 108 (2 off campus field trips).

- Session 1: 9/10/2024 - 10/29/2024
- Session 2: 3/11/25 - 4/29/25

Instructor: Randy Bibb

“

Randy was SIMPLY amazing!
Every single class was filled with knowledge and fun. He presented the material in a clear, concise manner and was extremely knowledgeable about the subject matter.
Randy Bibb is a GEM!!

—Kristen Campbell, Tour Guiding Student

INFORMATION TECHNOLOGY

Check www.dcc.edu/go/it or email techpathwayswd@dcc.edu for class details and updates.

IT FOUNDATIONS SUITE

CompTIA IT Fundamentals (ITF+) Certification

What every user needs to know about basic IT concepts, troubleshooting devices, and identifying/preventing security risk

What you'll learn

CompTIA ITF+ helps professionals to decide if a career in IT is right for them or to develop a broader understanding of IT. Training focuses on the essential IT skills and knowledge needed to perform tasks commonly performed by advanced end-users and entry-level IT professionals alike, including:

- Using features and functions of common operating systems and establishing network connectivity
- Identifying common software applications and their purpose
- Using security and web browsing best practices

CompTIA IT Network+ (Network+) Certification

What you'll learn

CompTIA Network+ helps develop a career in IT infrastructure covering troubleshooting, configuring, and managing networks. Network+ ensures an IT professional has the knowledge and skills to:

- Design and implement functional networks
- Configure, manage, and maintain essential network devices
- Use devices such as switches and routers to segment network traffic and create resilient networks
- Identify benefits and drawbacks of existing network configurations
- Implement network security, standards, and protocols
- Troubleshoot network problems
- Support the creation of virtualized networks

CompTIA Security+ (Security+) Certification

Everything you need to know about Security Administration to best prepare for your CompTIA Security+ Certification Exam

What you'll learn

CompTIA Security+ is a global certification that validates the baseline skills necessary to perform core security functions and pursue an IT security career. It establishes the core knowledge required of any cybersecurity role and provides a springboard to intermediate-level cybersecurity jobs. Security+ incorporates best practices in hands-on troubleshooting, ensuring candidates have practical security problem-solving skills required to:

- Assess the security posture of an enterprise environment and recommend and implement appropriate security solutions
- Monitor and secure hybrid environments, including cloud, mobile, and IoT
- Operate with an awareness of applicable laws and policies, including principles of governance, risk, and compliance
- Identify, analyze, and respond to security events and incidents

ADVANCED IT TRAINING

CompTIA Cybersecurity Analyst (CYSA+)

Certification

What you'll learn

CompTIA CySA+ applies behavioral analytics to networks to improve the overall state of security through identifying and combating malware and advanced persistent threats (APTs), resulting in an enhanced threat visibility across a broad attack surface. It will validate an IT professional's ability to proactively defend and continuously improve the security of an organization. CySA+ will verify the successful candidate has the knowledge and skills required to:

- Leverage intelligence and threat detection techniques
- Analyze and interpret data
- Identify and address vulnerabilities
- Suggest preventative measures

CompTIA Security+ (Security+) Certification Training recommended

AWS Cloud Foundations (Cloud Practitioner)

Certification

Helps to prepare you to pass the Amazon Web Services Certified Cloud Practitioner Exam

What you'll learn

AWS Cloud Foundations is for individuals who want to develop a fundamental understanding of the AWS Cloud, independent of any specific technical role. The course teaches AWS Cloud concepts, core AWS services, security, architecture, pricing, and support to build AWS Cloud knowledge. This course will prepare for the AWS Certified Cloud Practitioner exam.

- Summarize the working definition of AWS
- Differentiate between on-premises, hybrid-cloud, and all-in cloud models
- Describe the basic global infrastructure of the AWS Cloud
- Explain the six main benefits of the AWS Cloud

FAA CFR 14: Part 107 Drone Certification Training

What you'll learn

This comprehensive drone training course prepares you to take and pass the FAA CFR 14 Part 107 knowledge test to earn your remote pilot certificate. Having this certificate is an FAA requirement for all non-recreational UAS operations. This is a hybrid course that consists of both Instructor led class time learning and instructor led hands-on flight instruction with seasoned FAA Certified Instructors.

AGILE PROJECT MANAGEMENT SUITE

Agile Project Management 101

While Agile Project Management originated in the Tech industry due to quickly changing deliverables and ever evolving technology, this seminar demonstrates how the Agile approach can be applied effectively across all industries.

SAFe® Scrum Master (SSM) Certification

Learn Scrum & prepare for your Scrum Master/Agile Certification - Apply the Scrum Master role within a SAFe® enterprise with Certified SAFe® Scrum Master

What you'll learn

In this course, attendees gain an understanding of the role of a Scrum Master in a SAFe® enterprise. Unlike traditional Scrum Master training that focuses on the fundamentals of team-level Scrum, the SAFe® Scrum Master course explores the role of the Scrum Master in the context of the entire enterprise, and prepares attendees to successfully plan and execute the Program Increment (PI), the primary enabler of alignment throughout all levels of a SAFe® organization. This includes learning the key components of Agile at scale development, how Scrum is facilitated throughout the enterprise, and how to execute Iteration Planning. Attendees discover how to build high performing Agile teams by becoming a servant leader and coach, and how to coach those teams to deliver the maximum business value at scale. SAFe® 5 Scrum Master (SSM) certification signifies that people are prepared to perform the role of Scrum Master in a SAFe® environment, increasing their value to teams and organizations that are implementing SAFe®.

Agile SAFe® for Teams (SP) Certification

Building teams and organizations that thrive during change and stay resilient

What you'll learn

Build the skills needed to become a high-performing team member on an Agile Release Train (ART)—and learn how to collaborate effectively with other teams—by becoming a SAFe® 5 Practitioner (SP). During this two-day course, attendees gain an in-depth understanding of the qualities of high-performing Agile Teams, the ART and how it delivers value, and what they can do to effectively perform their role using Scrum, Kanban, and XP. Attendees also learn how to write Stories and break down Features, plan and execute Iterations, and experience a PI Planning event. Finally, attendees learn about the Continuous Delivery Pipeline, the importance of a DevOps culture, how to effectively integrate with other teams on the ART, and what it takes to continuously improve.

SAFe® Product Owner/Product Manager (POPM)

Certification

Delivering value through effective Program Increment execution with Certified SAFe® Product Owner / Product Manager

What you'll learn

Develop the skillsets needed to guide the delivery of value in a Lean enterprise by becoming a SAFe® 5 Product Owner/Product Manager (POPM). During this two-day course, attendees gain an in-depth understanding of how to effectively perform their role in the Agile Release Train (ART) as it delivers value through Program Increments. Attendees explore how to apply Lean thinking to decompose Epics into Features and Stories, refine Features and Stories, manage Program and Team backlogs, and to plan and execute Iterations and Program Increments. Attendees also discover how the Continuous Delivery Pipeline and DevOps culture contribute to the relentless improvement of the ART.

WORKSHOP/BOOTCAMP

Delgado Workforce IT provides community building and on-the-job opportunities for participants to gain work experience.

Tech Talk Thursday

Webinar in which industry experts and technology thought leaders discuss current issues in IT, skills development, and IT workforce trends.

Technology Summer Boot Camp

Week long project based competition in which participants learn how to apply agile project management methodology to solve an actual business case.

INDUSTRY TRAINING

Delgado Workforce IT offers customized trainings, workshops, and seminars for businesses and organizations.

INSURANCE

NEW! Insurance Academy

Students in the program will first be introduced to the fundamentals of Property and Casualty insurance before taking on a much more detailed study of both Personal and Commercial insurance. The course requires reading in advance of each class, and each in-class session will enhance the students' comprehension of the subject matter through discussion, case studies, and group problem solving. The program prepares graduates for an entry-level career in the insurance industry.

Tuition: \$499

Instructor: Gervy Papion

Check website for class dates.

Optional textbook: Spanish/English dictionary
Total contact hours: 24 / 2.4 CEUs / Certificate of Completion
Tuition: \$189

Dates: Tuesdays, 6 p.m. - 8 p.m. (6 class meetings)

- *Section 1: 1/7/2025 - 2/11/2025*
- *Section 2: 5/20/2025 - 6/24/2025*
- *Section 3: 8/26/2025 - 9/30/2025*

Instructor: Yiraliz Beltran

Spanish II

This course will introduce the fundamentals of the Spanish Language for non-Spanish speakers. Speaking and conversational skills are emphasized for everyday communication, including pronunciation, intonation, rhythm, and repetitive expression. As the course progresses, there will be an emphasis on receptive and expressive conversational skills. Students will learn to apply and improve their expressive skills through conversation practice in real situations.

Required textbook: *Easy Spanish Step-By-Step* by Barbara Bregstein, ISBN: 9780071463386

Optional textbook: Spanish/English dictionary
Total contact hours: 24 / 2.4 CEUs / Certificate of Completion
Tuition: \$189

Dates: Tuesdays, 6 p.m. - 8 p.m. (6 class meetings)

- *Session 1: 3/4/2025 - 4/8/2025*
- *Session 2: 7/8/2025 - 8/12/2025*

Instructor: Yiraliz Beltran

LANGUAGES & COMMUNICATION

Please check our website for class updates.

Spanish I

Learn the fundamentals of the Spanish language for non-Spanish speakers. Speaking and conversational skills are emphasized for everyday communication, including pronunciation, intonation, rhythm, and repetitive expression. As the course progresses, there will be an emphasis on receptive and expressive conversational skills. You will learn to apply and improve your expressive skills through conversation practice in real situations.

Required textbook: *Easy Spanish Step-By-Step* by Barbara Bregstein, ISBN: 9780071463386

“

The instructor was very knowledgeable and helpful. She made sure that we understood and pronounced things correctly before leaving class. We were able to email her with the exact sentences we wanted to learn. The class was very interactive and made me want to learn more.

— Ashley Jordan, Spanish I Student

Improve Your Public Speaking

When it comes to public speaking and storytelling, two things stand out: everyone has a story to share and delivering a speech can be intimidating. You will learn how to become a more confident public speaker while developing your unique story that makes your talk memorable and engaging. Topics will include the fundamentals of public speaking, developing your story and message, speech structure, crafting and rehearsing your talk, verbal and nonverbal communication, and connecting with audiences. During the final class, you will take to the stage and deliver your talk that will be recorded on video before an audience.

Required supplies: Students must bring a minimum 32 GB USB drive to save video recordings, and a 2-inch 3-ring binder for handouts.

Total contact hours: 30 / Certificate of Completion

Please check our website for class updates.

NOTARY

Notary Public Preparatory

This course provides preparation for Louisiana's state notary exam. In addition to exam preparation, course topics also include the Louisiana court system and the Notary Public's role within that system. Class discussions will focus on mortgages, conveyances, leases, contracts, legal descriptions, successions, wills, trusts, and community property regime. Please note that successful preparation for the exam will require extensive reading outside of the classroom. Pursuant to Act 423 of the 2006 Regular Louisiana Legislative Session the Notary Examination will be administered by the Secretary of State on the first Saturday in June and December.

Prerequisite: It is highly recommended that students take the Notary Exam Pre-Assessment before taking this class. The pre-assessment is mandatory before taking the exam through the Secretary of State. Complete information about the pre-assessment, the exam, and related requirements can be found on the [Louisiana Secretary of State website](#).

Required textbook: *The Fundamentals of Louisiana Notarial Law and Practice exam study guide*, available from the [Louisiana Secretary of State website](#).

Total contact hours: 39 / IBC awarded after passing notary exam

Tuition: \$599

Dates: Wednesdays, 6 p.m. - 9 p.m. (13 class meetings), City Park Campus, Building 8, Room 114.

Check website for class dates.

PHOTOGRAPHY

Photography 1: Camera Introduction

Learn the basic functions of a digital single-lens reflex (DSLR) camera, such as aperture or f/stop, shutter speeds, ISO, focusing modes, metering modes, shooting drives, exposure compensation with the intent of controlling light, and capturing improved images. Shooting assignments – in class and at home – are part of the growth process. This course will have a limited number of students in order to allow better interaction and individualized attention.

Prerequisite: No prior photography experience needed, but basic computer skills are helpful.

Required equipment: DSLR camera, its manual, blank camera storage card, and access to a computer outside of class with Internet capabilities. "Point and shoot" and hybrid cameras are not appropriate for this class.

Total contact hours: 18 / Certificate of Completion

Tuition: \$199

Dates: Wednesdays, 9/4/2024 - 10/9/2024, 6 p.m. - 9 p.m. (6 class meetings), City Park Campus, Building 8, Room 108

Instructor: Donald Crais

Photography 2: Composition and Design

Improve your photography skills with an introduction to the rules of composition and the elements of design. Lectures, shooting assignments – in class and at home – and image critiques will help students develop photography capabilities and style.

Prerequisite: Photography 1 and the student must know how to use his or her DSLR camera. Camera instruction is not part of this course.

Required equipment: DSLR camera, its manual, blank camera storage card, and access to a computer outside of class with Internet capabilities. "Point and shoot" and hybrid cameras are not appropriate for this class.

Total contact hours: 18 / Certificate of Completion

Tuition: \$199

Dates: Wednesdays, 10/23/2024 - 12/4/2024, 6 p.m. - 9 p.m. (6 class meetings), City Park Campus, Building 8, Room 108. No class Thanksgiving week.

Instructor: Donald Crais

PRIVATE INVESTIGATING

Private Investigator Preparatory

This intensive course teaches students basic investigatory skills and discovery techniques. Topics include state/federal investigator laws, undercover investigation, surveillance techniques, interview/statement methods, court record checks, subpoena procedures, computer database research, video/still photography techniques, locating witnesses and missing persons, and testifying techniques. This course also prepares students to take the State Private Investigator Exam that is required to apply for a private investigator license in Louisiana. The exam is given on the last day of class at 1:30 p.m. Visit the [Louisiana State Board of Private Investigator Examiners website](http://www.lsbpie.com) at www.lsbpie.com.

Age restrictions: Students must be at least 18 years old, and provide documentation via government-issued photo identification.

Required textbook: The cost of the required textbook for this course is included in the tuition, and will be distributed by the instructor on the first day of class.

Total contact hours: 40 / IBC awarded upon passing of Louisiana State Private Investigation Exam

Tuition: \$375

Other fees: \$50 exam fee, collected on date of exam; check or money order only, made out to Louisiana State Board of Private Investigator Examiners or LSPBIE

Dates: Monday - Friday, 9 a.m. - 5 p.m. with 1-hour break, City Park Campus, Building 8, Room 113

• 9/16/2024 - 9/20/2024

• 11/18/2024 - 11/22/2024

Instructor: Charlene Mora

federal housing agencies, would like to work for an affordable housing developer, and/or just interested in the topic of affordable housing.

Total contact hours: 18

Tuition: \$199

Instructor: Samantha Witherspoon

SKILLED CRAFTS

All Skilled Crafts trainings are **WIOA FUNDED!**

Check website or contact Patricia Marshall at pmarsh@dcc.edu for class updates.

Certified Line Worker Training

An instructional program that prepares individuals to apply technical knowledge and skills to install, operate, maintain, and repair electric apparatus and systems such as residential, commercial, and industrial electric-power wiring and D.C. and A.C. motors, controls, and electrical distribution panels. Includes instruction in the use of test equipment.

Contact Joan Wade jwade@dcc.edu

REAL ESTATE

Professional Property Management and Affordable Housing

Students will be introduced to Professional Property Management and Affordable Housing. Professional Property Management is the managing of day-to-day operations either for a private, public, or third party owned real estate. Additionally, Section 42 Low Income Housing Tax Credit is a dollar-for-dollar program qualifying applicable household gross income within set income limits. The purpose of this course is to provide a fundamental foundation of Affordable Housing, Section 42 Low Income Housing Tax Credit and Professional Property Management. These learned fundamentals are for students who may want to work for local, state, and/or

National Green Infrastructure Training

This training provides basic information on the stormwater sector and how to understand the context of the National Green Infrastructure Program, including, an overview and structure of the National Green Infrastructure Program, what information is covered in the course and how is testing tied to this information, stormwater, and types of jobs associated with stormwater.

OSHA 10

The NCCER Core Curriculum course covers the basic principles and skills of working in the construction industry. Key content includes: Basic Safety, Introduction to Construction Math, Introduction to Hand Tools, Introduction to Power Tools, Construction Drawings, Basic Rigging, Basic Communication Skills, Basic Employability Skills, and Materials Handling. Also included is an introductory workshop to high-wage/high-demand craft-skill careers.

Skilled Craft Training - Core Plus

The NCCER Core Curriculum course covers the basic principles and skills of working in the construction industry. Key content includes: Basic Safety, Introduction to Construction Math, Introduction to Hand Tools, Introduction to Power Tools, Construction Drawings, Basic Rigging, Basic Communication Skills, Basic Employability Skills, and Materials Handling. Also included is an introductory workshop to high-wage/high-demand craft-skill careers. This course also includes OSHA 10 training.

Skilled Craft Training Electrical

This curriculum trains individuals in NCCER Core, OSHA 10, and Electrical level 1. The program challenges students to master specific skill related competencies set forth by the National Center for Construction Education and Research (NCCER), as well as our Electrical Advisory Committee which consists of business and industry representatives from the Southeast Louisiana region. The electrical program introduces students to all aspects of entry and intermediate level and safety requirements relating to residential, light industrial and light commercial electrical applications to enable them to enter into the electrical field as electrical apprentices. After successful completion of this program, the student will have achieved the skills designated by the National Center for Construction Education and Research (NCCER) curricula and receive their nationally recognized NCCER credentials.

Skilled Craft Training - Industrial Maintenance

Machinist Machine Technologist. An instructional program that prepares individuals to apply technical knowledge and skills to plan manufacture assemble test and repair parts mechanisms machines and structures in which materials are cast formed shaped molded heat treated cut twisted pressed fused stamped or worked.

Skilled Crafts Training - Welding

This curriculum trains individuals in NCCER Core, OSHA 10, and Welding level 1. Delgado's welding program challenges students to master specific skill related competencies set forth by the National Center for Construction Education and Research (NCCER), as well as our Welding Advisory Committee which consists of business and industry representatives from the Southeast Louisiana region. This program is currently offered at the Jefferson site. The site has a newly renovated welding lab that enables students to receive competency-based, academic and hands on instruction. After successful completion of this program, the student will have achieved the skills designated by the National Center for Construction Education and Research (NCCER) curricula and receive their nationally recognized NCCER credentials.

TEACHING

Cosmetology, Barber, Esthetic, and Nail Instructor Training

Cosmetology and barber instructor training is a semester-long course designed for professional cosmetologists and barbers who want to enhance their job opportunities while sharing their passion of the industry with others. In this course, participants will learn about planning effective instruction, interactive lecturing and demonstration, managing the classroom environment, and how to evaluate student performance through both theory and practical application. Upon completion of this course, participants will be prepared to work with students in a hands-on learning environment and prepare them for future careers as cosmetology and Barbering Professionals.

Total contact hours: 500

Tuition: \$3,500

Instructor: Larisia Jones

WORKFORCE DEVELOPMENT OVERVIEW

Delgado Community College's Workforce Development:

- Seeks to promote personal, professional, and economic development through initiatives designed to maintain a skilled workforce, and enhance the quality of life on local, regional, national, and international levels.
- Provides customer driven assessment and training programs as an inducement to secure new value added businesses to our region.
- Provides existing businesses with the necessary training for expansion and responds to permanent closures and layoffs.

Corporate, Community & Continuing Education

- Provides lifelong learning opportunities for students seeking professional development or personal enrichment. Course offerings continuously change to reflect the needs of the businesses and communities we serve.
- Offers courses in 2D graphics, computer skills, business, languages, history, photography, notary, private investigating, and tour guiding. Youth summer camps are also offered.
- The following initiatives are currently in development: partnerships with DXC for IT training, the LSU AgCenter for trainings at Delgado's greenhouse, and Veterans Affairs for barbering/cosmetology training; and Rapid Response IBC Grants for Health Coach and Medical Lab Technician training.
- Offers personal, professional, and customized trainings for our local community, including Incumbent Worker Training Intensive Services at the American Job Center in Gretna, Workforce Investment Act - Individual Training Accounts (WIA-ITA), Youth Occupational Skills Training (YOST) for ages 18 - 24, and regional collaborative initiatives.
- Current trainings include Certified Line Worker, Medical Assistant, Hospitality and Tourism, Cisco Networking, and NCCER certifications.

Maritime & Industrial Training Center

Nationally designated as a Center of Excellence for Domestic Maritime Workforce Training & Education by the U.S. DOT MARAD

- Delgado's Maritime and Industrial Training Center has earned an international reputation for providing high quality maritime and industrial fire fighting, radar, safety, and U.S. Coast Guard-approved training to licensed mariners and industry personnel in the maritime, oil and gas, and safety/homeland security fields. Courses can be tailored to meet companies' specific needs.
- The facility features three wheelhouse simulators, conference space for up to 125 attendees, and multiple radar labs.
- Training includes Virtual Reality Incident Command, ERM, and QMED. A Rapid Response IBC Grant will also enable deckhand, vessel engineering, tankerman, and steersman training.

Goldman Sachs 10,000 Small Businesses

- Goldman Sachs 10,000 Small Businesses is a program for small businesses that links learning to action. Participants gain practical skills in topics such as negotiation, marketing, and employee management that can immediately be put into action.
- In addition, they receive the tools and professional support necessary to develop a strategic and customized growth plan that will take their business to the next level.

Small Business Centers

- Delgado's Small Business Centers, located at the City Park and West Bank Campuses, serve students, neighbors, friends and family by helping individuals launch and grow their own businesses.
- Current partnerships include Cox Communications, City of Kenner, Louisiana Economic Development, U.S. Small Business Administration (SBA), Louisiana Small Business Development Center (LSBDC), New Orleans Chamber of Commerce, and Goldman Sachs 10K Small Businesses.

Regional Mechatronics Apprenticeship Program

The first regional apprenticeship program has been established, whereby three LCTCS schools—Delgado Community College, Nunez Community College, and Northshore Technical Community College—will collaborate to provide training. Industry partners are Greater New Orleans, Inc., Elmer Chocolate, Laitram, and McCormick. The program consists of an industry-based curriculum designed to equip mechatronics technicians with the necessary electrical, mechanical, and computer skills to work in manufacturing and industrial maintenance environments.

Delgado River City Site / Advanced Manufacturing Center

Workforce and technical training offered in Avondale.

- Aluminum Welding
- Industrial Maintenance
- Louisiana Transfer Degree
- Logistics
- Millwright
- OSHA 10
- OSHA 20
- Pipefitting
- Process Instrumentation & Control
- Science Lab Technician
- Shielded Metal Arc Welding
- Small Industrial Electrician

What Is Health Coaching?

Health coaching is an exciting new career in the healthcare industry! As a health coach, you will acquire the skills to help patients improve their health and wellness outcomes to live healthier lives.

Health coaches engage patients and encourage them to take an active role in their health by providing them with tools necessary to make healthy lifestyle choices and adopting lifelong healthy behaviors.

Where Do Health Coaches Work?

Health coaches are employed at hospitals, community health centers, public health organizations, health insurance companies, nursing homes, nonprofit agencies, and are self-employed entrepreneurs.

Training Requirements

- Training is 4 months
- Students must have a minimum of an associate degree or professional license and significant healthcare experience
- Students must submit resume and complete an application at www.dcc.edu/go/health-coach
- Tuition \$1,000 plus textbooks
- Upon successful completion of the training, students will be eligible to take the National Board for Health and Wellness Coaching certifying exam

Course Information

- Comprised of live online classes
- Scholarships are available for qualified students
- Students will receive a certificate of completion

CERTIFIED MEDICAL ASSISTANT

A Medical Assistant's Role

Medical assistants (MA) perform administrative and certain clinical duties under the direction of a physician. As an essential part of the healthcare team, an MA is responsible for obtaining general health data and performing a variety of back and front office duties. In our training program, you will develop the entry-level skills necessary to be competitive in the workforce.

Nationally Accredited Certification

You can earn a medical assistant certificate in approximately five months from Delgado Community College. The program also includes training for students to be certified in CPR. Delgado's medical assistant training prepares students for the Certified Clinical Medical Assistant exam. When you pass the exam, you will receive certification from the National Healthcare Association (NHA) as a medical assistant.

Tuition* \$3,570
